KENTUCKY TRAILER
A Servant Leader Company

More than 140 years of innovation and craftsmanship has resulted in a wide array of extraordinary trailer models.

Custom Built Trailers

Electronics

Versatility in placement of multiple curbside and roadside doors make it the most popular model in the moving industry.

Drop Frame

The original moving van. When cube and payload count, go with a drop frame.

Pallet Van

Kentucky Trailer's pallet van with 66" wide doors from front to rear is ideal for container loads.

To associate one word with Kentucky Trailer, think "customization" because every load is different.

Kentucky Trailer pioneered, engineered and manufactured the modern custom trailer earning the reputation as industry leader.

Double Drop

To maximize cubic capacity, drop the floor in front of the axles.

Spread Axles

Spread axles for increased hauling capacity.

What can Kentucky Trailer do for you?

kytrailer.com

Customers can rely upon the experience of veteran craftsmen to create their ideal Kentucky trailer. From concept to reality, Kentucky Trailer creates custom trailers that are built to last and to meet your specific requirements.

A Servant Leader Company

Climate Van

The insulated climate van provides the ultimate protection for climate sensitive cargo.

Dry Freight Composite

Kentucky Trailer quality meets dock-to-dock freight hauling.

The most versatile range of custom built trailers in the industry.

Custom Built Trailers

City Mover & City Pallet

A shorter van specifically designed for inner city and office moves in congested urban areas.

Double Drop Electronics

Drop the floor between the landing gear and axles and keep the tail of an electronics van for increased capacity, ease of operation and car hauling.

Special Commodities

The right trailer for the right job, from a dry freight van to a complex unit with side doors and storage boxes.
